

the ultimate **black edition**
by KUDOS

the ultimate **black edition**

A sleek and stylish addition to the established and versatile ultimate range of shower panels by KUDOS.

The extensive range of toughened safety glass panels are available in both 8mm & 10mm thickness and with a choice of stunning black fixings you are certain to find the solution to create your perfect walk-in shower.

Suitable for fitting to either tiled floors or shower trays the ultimate **black edition** also offers you a choice of fixed or hinged retro-fit deflector panels.

- Wide range of panel sizes in 8mm or 10mm
- 1985mm high including fittings
- Choice of heavy duty fixings
- Suitable for shower trays or tiled floors
- Optional retro-fit deflector panels
- Crystal clear seals
- Lifeshield™ easy clean glass protection
- Lifetime Guarantee*

*Guarantee applies to material and manufacturing defects only. See website for full terms and conditions.

1200 x 800 Recess Enclosure with Angled Fixing Kit on a connect2 Shower Tray - Total Price £760 inc. VAT

Three Sided Enclosure

Walk Through Enclosure

Corner Enclosure

ultimate **black** Deflector Panels

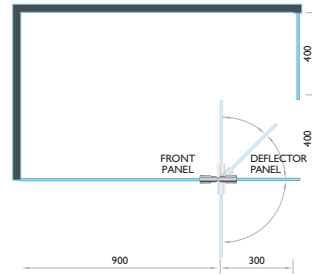

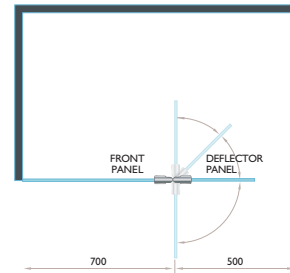

Designed to contain overspray and splashing within your designated showering area, the ultimate system offers a choice of either fixed or hinged deflector panels. These can be retro-fitted so only need to be purchased if found necessary.

Enjoy the pleasure and appearance of a walk-in shower even where space is at a premium. With the ability to fit a Deflector Panel it is now possible to create a functional and stunning enclosure even in the smallest spaces.

As illustrated below a functional walk in enclosure can be created within a showering area as small as 1200mm whilst allowing our minimum recommended access of 500mm.

Hinged Deflector Panel

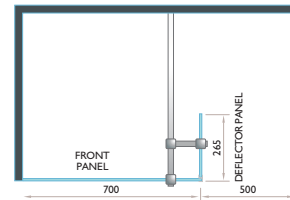

Example of Hinged Deflector Panel fitted in recess. Hinged Deflectors can be fitted with either Standard, Ceiling or Corner stabilising bars.

In a corner installation a longer front panel can be fitted with a shorter side panel maintaining access of 500mm whilst the hinged Deflector Panel will contain any overspray.

Fixed Deflector Panel

The fixed Deflector Panel is supplied with fittings to connect to standard stabilising bars only. **N.B. This product cannot be used with ceiling or angled stabilising bars.**

ultimate **black** Fixing Kits

We recommend the use of the standard fixing kit for maximum stability of ultimate shower panels. Front panel fixing kits are available in 1000mm or 1500mm.

Standard Fixing Kit

Angled Fixing Kit

Ceiling Fixing Kit

ultimate **black** Configurations

The flexibility of the ultimate range allows you to create a stunning walk-in enclosure for any situation.

Recess

- 1 x Glass Panel
