AMBIANCE BAIN

Manufacturing inspirational bathroom furniture and shower spaces since 1956

Since the inception of Ambiance Bain, the head office and all the manufacturing facilities have been located in Guilhaumand-Granges, Southern France, a crossroads in the heart of Europe. Our team of professional experts are carefully recruited for their knowledge and skills from within close proximity of the headquarters, allowing a strong regional attachment for all the teams.

...and it's all about the family

Brothers Manuel and Stefan Ghirardello, are now running the company based on the family values inspired by their grandfather Jean Ghirardello. They are constantly modernising the production facilities to prepare the company for the ecological, energy and innovation challenges of the future.

We offer bold and aesthetic design solutions using experience and knowledge to create fabulous, state-of-the-art, functional collections.

The philosophy of our brand is to imagine and produce furniture, shower spaces and aesthetic solutions for optimising space and storage in the bathroom. A value supported by the fundamentals of design: form, colour and material.

Creative freedom thanks to our industrial independence, our creative design team and our innovative production facilities.

For more than 65 years, we have chosen to integrate all the design and production resources necessary for our industrial independence, offering us total freedom in the creation of our beautiful collections.

This independence has allowed us to design and deliver a total aesthetic and functional harmonisation of the bathroom with matching and contrasting bathroom furniture and shower spaces, manufactured in our own factories.

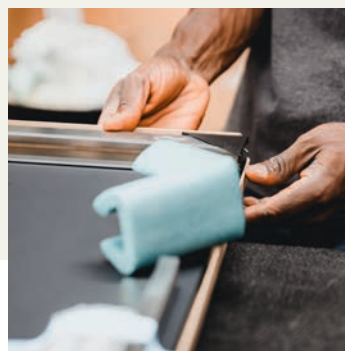

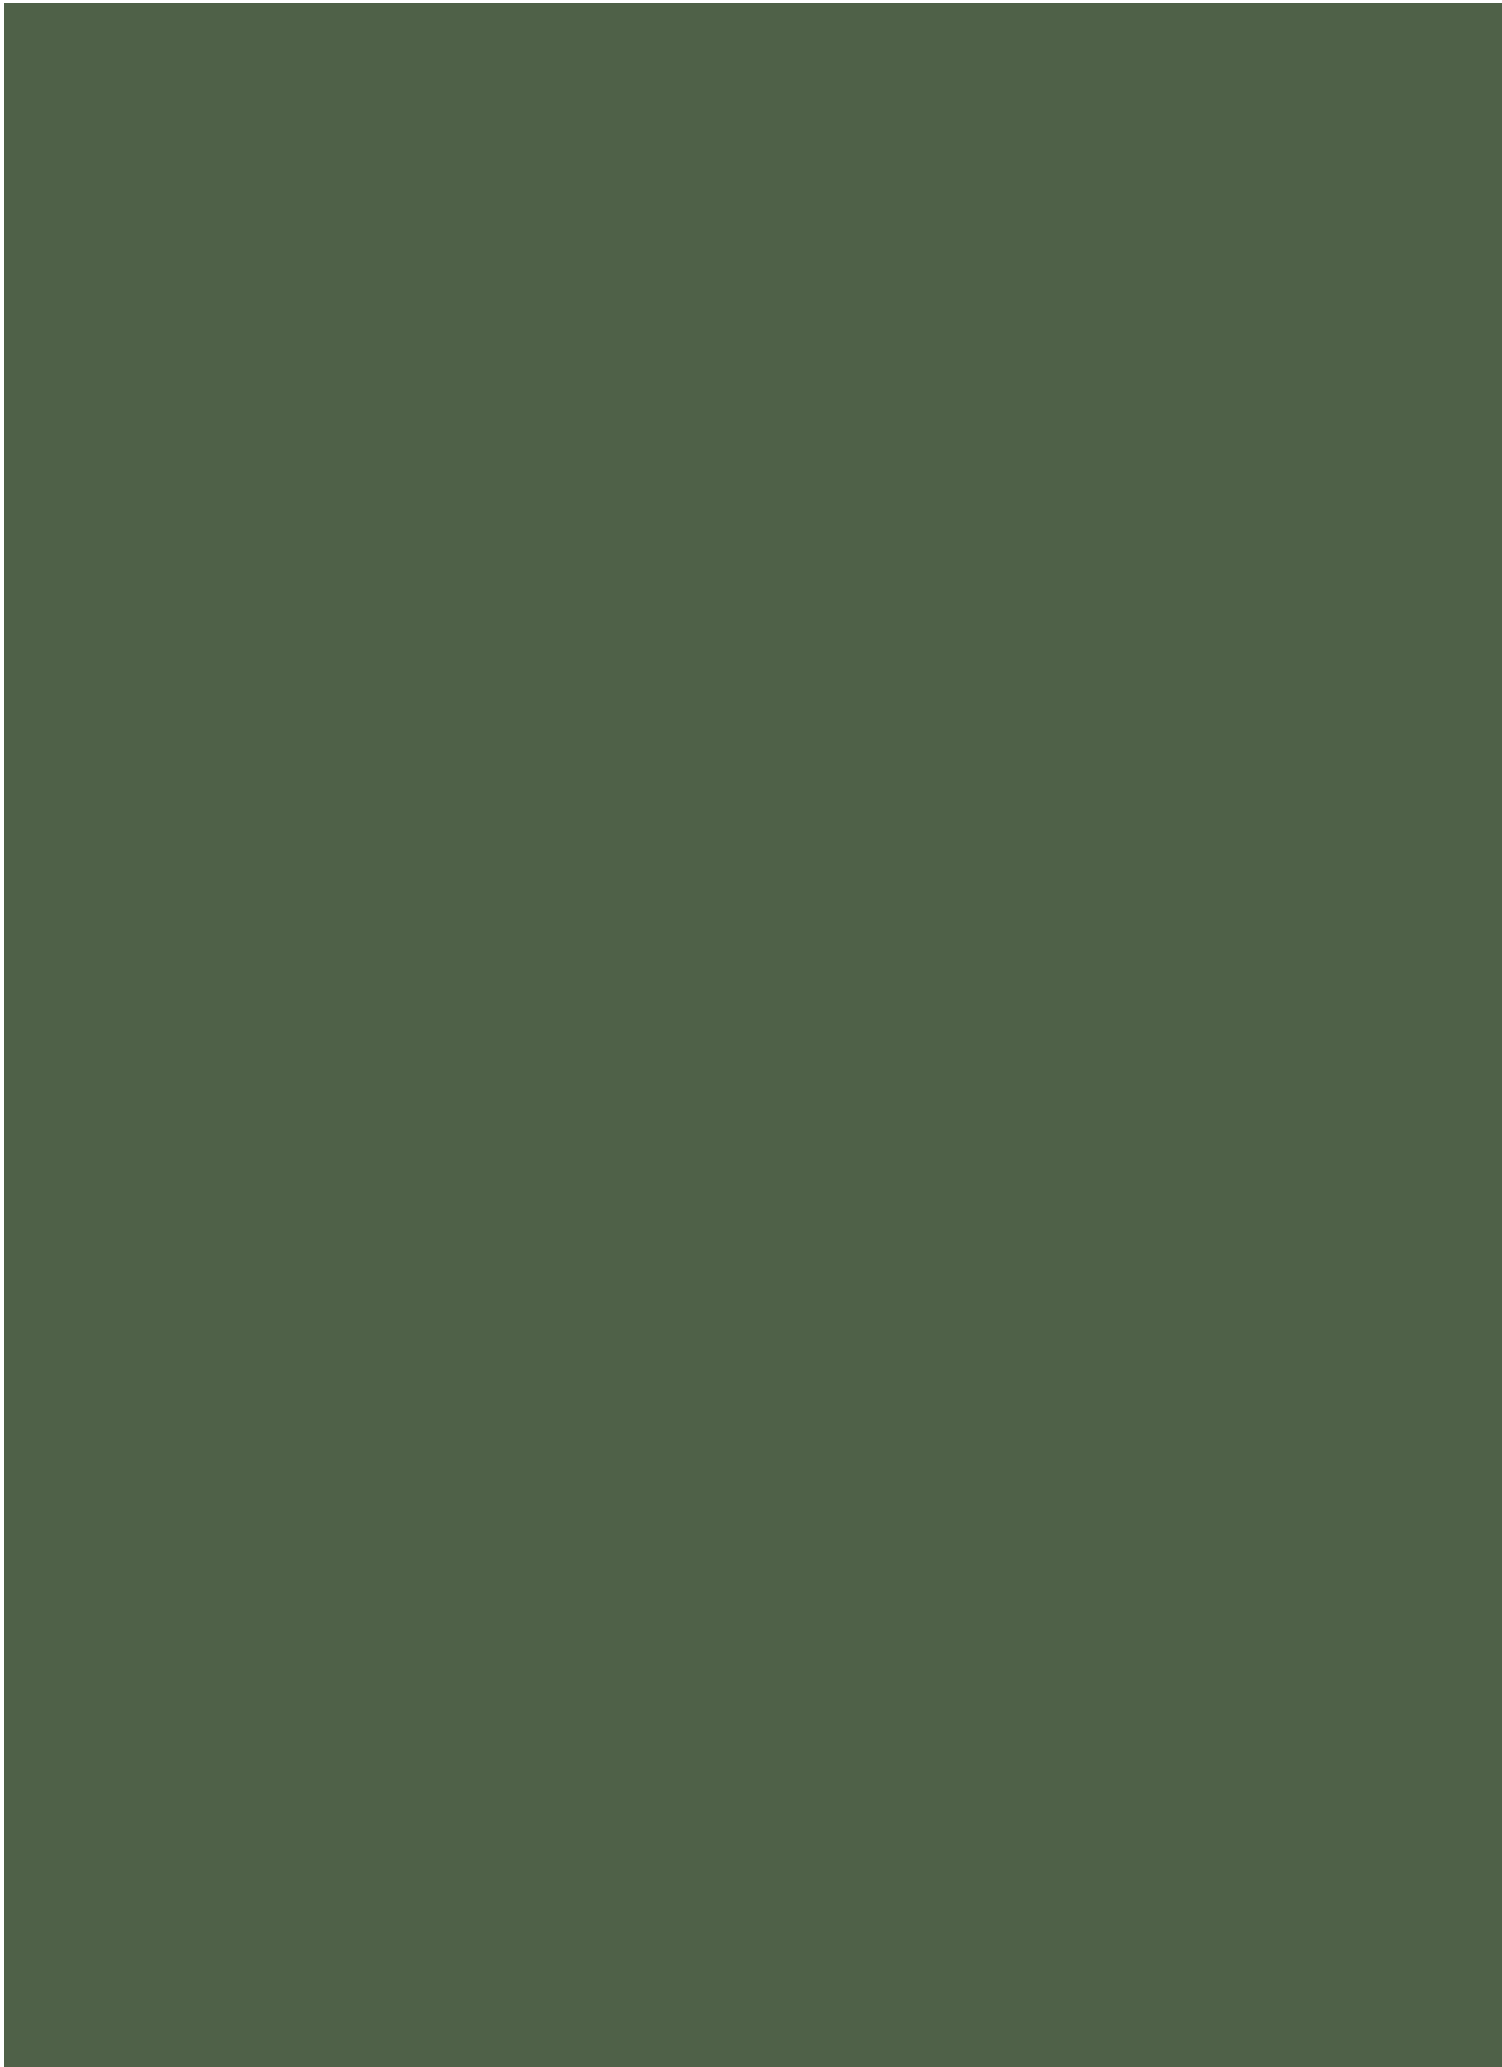

From the moment you place your order, we take care of your furniture

Each piece of your bespoke bathroom is made to order, delivered assembled and undergoes stringent quality control with perfect traceability at every step of the way. It is then carefully packaged and shipped.

Innovative technology combined with artisan demands

Digital cutting, laser finishing, nothing is left to chance, the attention to detail is the secret to flawless quality. All the units are assembled following traditional artisan methods with glue and dowels, then individually pressed to ensure their solid longevity.

TECHNICAL SPECIFICATIONS

MOD ULAR COLLECTION

MODULAR

1 CHOOSE A MODULE

Select from our extensive ranges and find the style that suits you best, then choose an individual module according to the available space and your storage requirements. Explore the numerous choices available.

2 SELECT A COLOUR

These fabulous ranges are all available in a beautiful array of the very latest finishes. Be inspired by our assortment of images to select the latest chic interior colour scheme, or completely fulfil your dreams and design your own. All of the available colours are detailed with each range.

3 ADD ANCILLARY UNITS

Add your personal touches by choosing a basin, mirror, tall storage or additional cabinets from those available in the individual range or matching items from our vast array of units from our fitted range to conclude the design of your new oasis.

4 NEED A SHOWER

With a comprehensive range of SMO™ shower trays and wall panels to choose from, Ambiance Bain offer you choice, style and co-ordination with your furniture. Take a look for yourself, there is an option for every style and size of bathroom.

5 FINISHING TOUCHES

Select a bathroom mirror in the same finish as your unit or you can create your own relaxation heaven by selecting remote controlled RGB multi-coloured LED lighting which will add coloured ambient lighting to your room from behind mirrors.

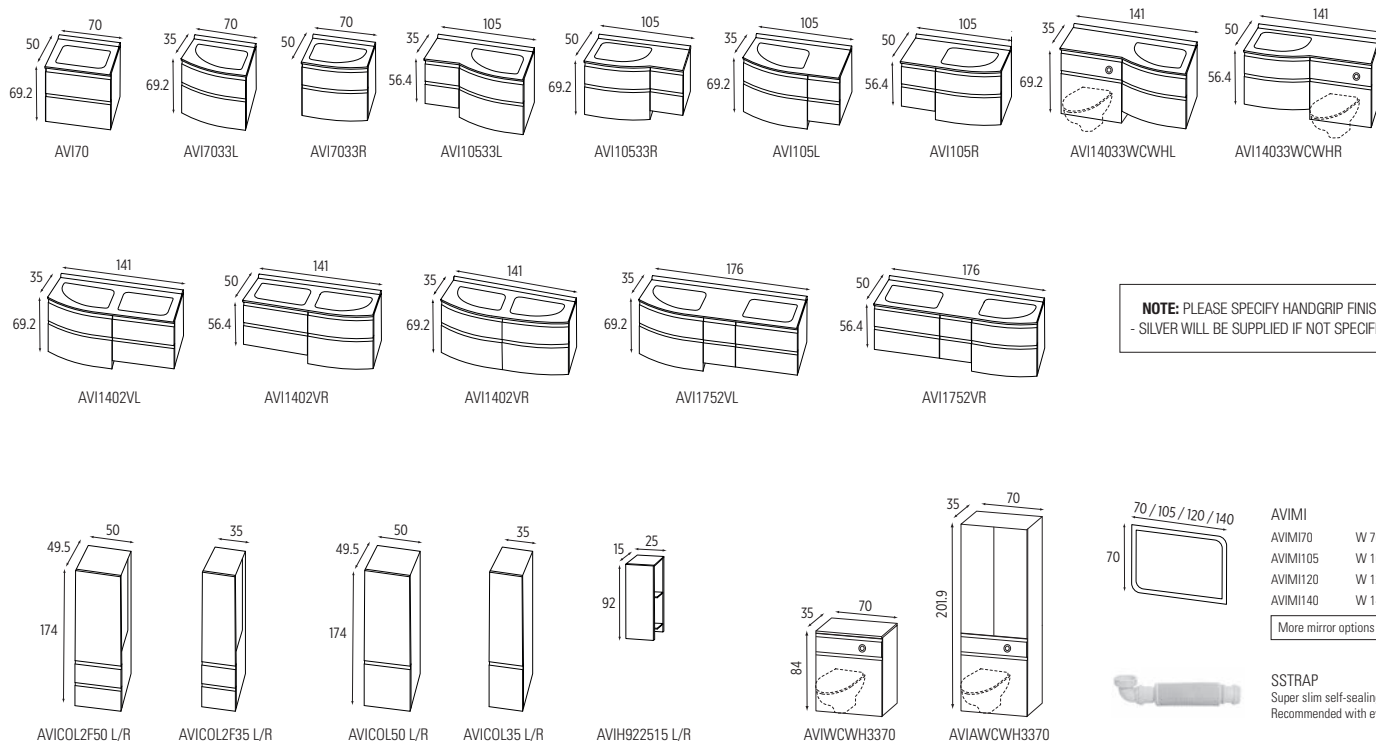

Choice of 3 Handgrip finishes :
Matt Silver, Matt Black or Matt Chrome

The offset options allow more space whilst still offering practical storage

Ultra Functional Interiors

FOIL DOOR COLOURS

Modular SMO™ are supplied in Gloss White with one tap hole per bowl.

Other standard finishes and undrilled option are available at the same price as well as up to 200 RAL colours with a supplementary charge. Please see inside back cover for further colour options.

WHY CHOOSE THE AB MODULAR COLLECTION

1. QUALITY BESPOKE PRODUCTS

All our furniture is delivered fully assembled and manufactured in our own workshops.

2. QUALITY FITTINGS

No matter how often you use them, all our soft close hinges and drawer openings are high quality and will stand the test of time.

3. BUILT TO LAST

The high density particleboard panels used in the manufacture of our furniture are among the best quality available on the market.

4. ORIGINAL SHAPES

With complete industrial independence we have a skilled team designing our own original shapes.

5. EASY TO MAINTAIN

The SMO™ washbasins are cast in one seamless piece, including the upstands, making them easy to clean and more hygienic.

6. MAXIMUM STORAGE WITH MATCHING COLOURS

Colour match basin units, WC and wall units offering adaptability to fit in different bathroom configurations, enhancing and maximising storage solutions.

7. COMPLETE CO-ORDINATION

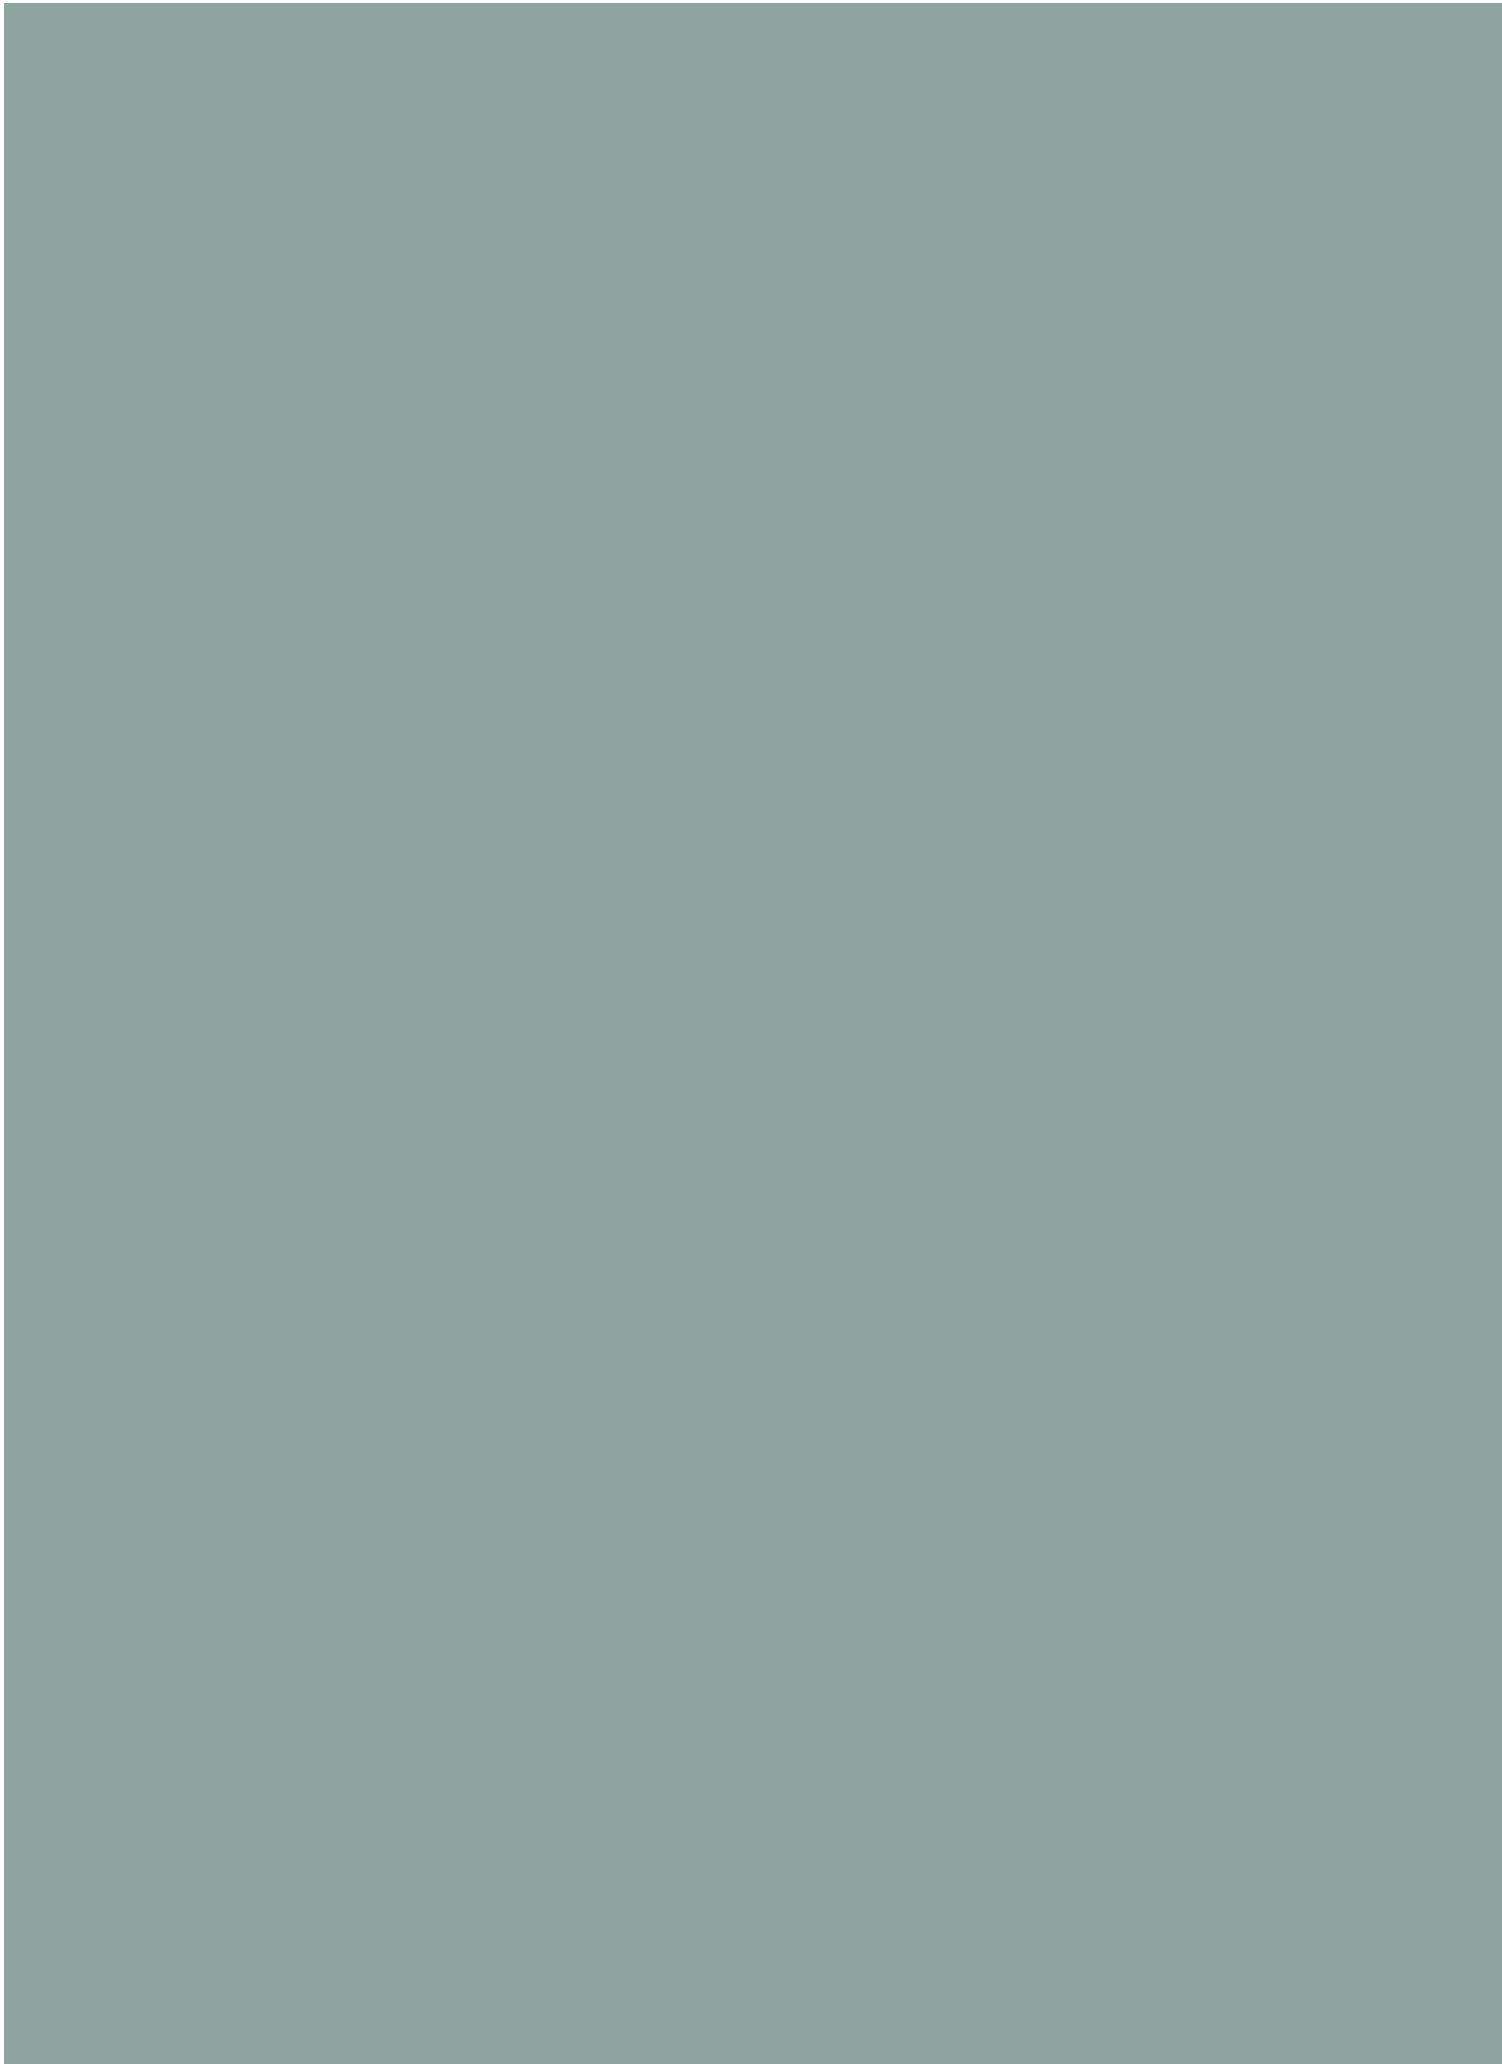

Choose from a wide selection of storage solutions, then add a finishing touch with a matching or co-ordinating mirror and light.

8. THE TOTAL LOOK

The entire bathroom can be colour coordinated. Even your shower tray and wall panels can be the same colour as your furniture, basin and worktop.

9. MATCHING SHOWER SPACE

Complete shower space with matching shower tray & wall panels. Manufactured from SMO™ making it simple to harmonise the colours of the worktop, and shower space.

WHAT CAN YOU DO WITH FITTED?

Ensuite & Shower Rooms

Choose from the extensive Ambiance Bain range of fitted furniture options to create a stylish and sophisticated ensuite or shower room. Take inspiration from some of the style ideas we have created in an array of different colours to help you design your own personal space.

Family Bathrooms

Maximum storage with matching materials and co-ordinating colours can be used to create the perfect bathroom for all the family. Fun for the kids and a practical oasis for parents.

Cloakrooms & Small Bathrooms

Where space is premium, Ambiance Bain can offer inspirational design options suitable for any size of cloakroom or small bathroom. When you're designing your space, we can offer fantastic space saving ideas to maximise your storage so you can have the beautiful bathroom of your dreams in an array of colours to suit your mood.

1 PLAN YOUR LAYOUT

Draw a plan of your room including doors, windows and existing plumbing then position your units in the available space. Adding large mirrors will enhance the feeling of space in small rooms. Seek inspiration from our catalogue or website and if you need some help, contact your local retailer.

2 SELECT A DOORSTYLE

Whether you are looking for contemporary, classic or country style, Ambiance Bain have an option for you.

3 CHOOSE YOUR WORKTOP MATERIAL

Solid Surface SMO™, Staron® or Laminate, the choice is yours. SMO™ is moulded in a single piece with an integrated basin and is available with or without upstand to help reduce water ingress. StaronR offers a super slim, matt finish to which you can add a ceramic basin of your choice. Laminate is the most affordable option, but is still extremely durable being manufactured from water resistant particle board.

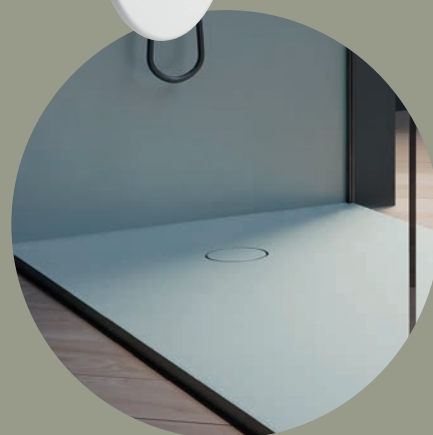

4 HANDLES OR PUSH LATCH

There are many beautiful handles to choose from or if you prefer most of our units are available with a handle-less push latch opening option.

5 NEED A SHOWER ?

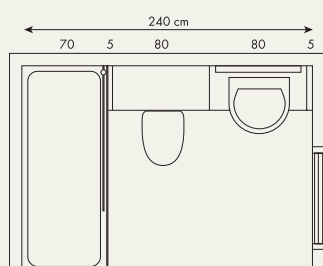

With a comprehensive range of adjustable or made to measure SMO™ shower trays and wall panels to choose from, Ambiance Bain offer you choice, style and co-ordination with your worktops and furniture.

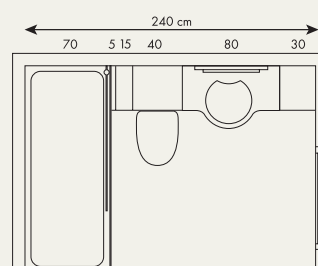

4 DESIGN OPTIONS FOR THE SAME BATHROOM

This simple solution hides all plumbing and waste pipework as well as concealing your toilet cistern whilst providing ample worktop space and additional storage. A matching bath panel enhances the design.

By reducing the WC unit and basin sizes you can add a toilet roll unit with spare roll storage and a large tall unit to house all of your bathroom cosmetics. The addition of a one piece SMO™ basin and worktop combination with moulded upstand creates an easy clean seamless solution.

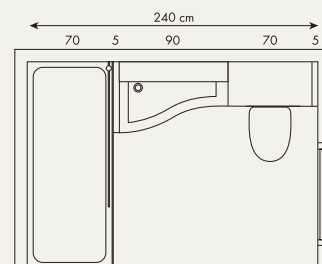

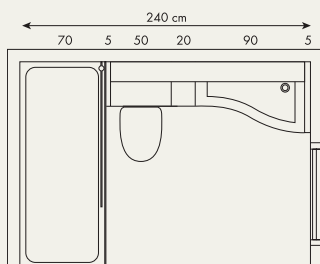

From a simple design to hide all unsightly pipework to a sculpted designer layout which maximises the storage possibilities, and from co-ordinating decorative mirrors to large panoramic versions with illuminated LED lighting pelmets the options are endless. Ambiance Bain have numerous door styles and colour options to choose from.

See the back of the brochure to choose the hues and tones that suit your taste.
Your local Ambiance Bain specialist has vast experience in designing both beautiful and practical bathrooms and will be more than happy to help you create your own individual design within your own personal budget.

Introducing an offset curved basin unit with designer shaped bowl adds to the opulence and storage capacity, whilst the large panoramic mirrors and illuminated LED lighting pelmet increase the feeling of light and space within the room.

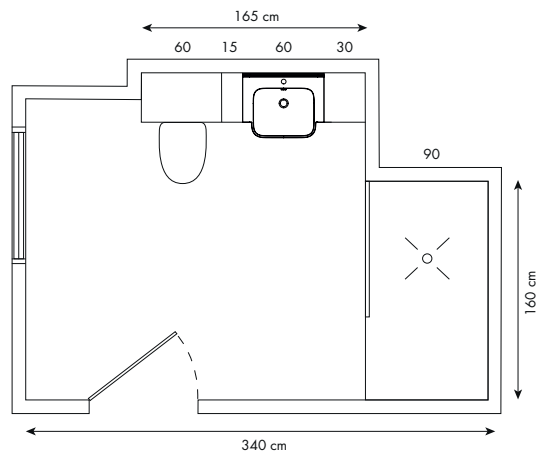

Adding a tall WC unit brings a different feel but adds cavernous storage above the toilet. Combined with the large offset basin unit there is copious amounts of space to accommodate your health care and toiletry products.

FAMILY BATHROOMS

SIMPLE, STYLISH, ONE PIECE SEMI RECESSED BASIN & WORKTOP

Compact units with ample washing space and lots of hidden storage. The SMO™ worktop and basin is moulded in a single piece for a hygienic finish.

WHY CHOOSE AB FITTED FURNITURE

1. MIRROR

Secured by aluminium rails for increased safety and easier installation. 6mm thick to add depth, brightness, and reflection without distortion. Available with optional heated antimist pads.

4. CARCASES

Manufactured with solid backs in high-density melamine (650kg/m³) and meets EN312 standard. Available in numerous colours to co-ordinate with your fascias.

7. ANTIMIST

Many of our mirrors come complete with or may be fitted with our ANTIMIST heated pads. These prevent an area of your mirror from steaming up with condensation in your bathroom.

2. LIGHTING PELMET

Fitted with concealed transformer, drivers and wiring to support built-in natural white (4100K) LED low voltage spotlights. With Class II electric shock protection.

5. DRAWERS

Open fully for easy access and feature easy to clean rounded inside edges. Dynamic load: 30kg (no sagging). Smooth gliding for guaranteed comfort. Soft-close action. Three-way adjustable, quick clip-on fittings for perfect fascia alignment.

8. HINGES

Clip-on for easy installation. Soft close dampers, 110° opening and 3 way adjustable for better accessibility.

3. CONCEALED CISTERNS AND WALL HUNG TOILET FRAMES

WC units available with a GEBERIT dual flush push button cistern (Macdee cistern in 40cm WC unit). All cistern components are accessible and replaceable through the removable top fascia panel, or from behind the flush plate. Most wall hung toilet units include a GEBERIT super strong steel frame (tested to over 400kg/60 stones) with multiple fixing points to support the toilet.

6. WATER-RESISTANT WORKTOPS

Ambiance Bain offer 4 types of worktops. SMO™ and Staron® solid surface or laminate and foil, the choice is yours.

9. MIRRORED SHELVING UNITS

Fitted with mirrored back, these are durable, UV-bonded 10mm glass shelves that add a sleek touch to your bathroom.

FINISHING TOUCHES

LAGOON door style 814, SM0218 basin & worktop.

At Ambiance Bain we can even supply our many manufacturing materials so that your installer can finish your bathroom to that perfect level and with great detail.

1. MADE TO MEASURE SPECIAL DOORS

Many standard sizes or even made-to-measure doors and panels are available to match your furniture and conceal your airing cupboard, boiler or any other space.

Ask your Ambiance Bain specialist for more details.

Ambiance Bain furniture is manufactured from several different board and foil materials, which are sourced from varying eco friendly European suppliers. Whilst every effort is made to find materials with matching colour and grain patterns it is inevitable that there will be some shade and pattern differences between different materials advertised as the same colour. Wood grain pattern orientations may differ on niches, tall units, fillers, bath panels and plinths due to the dimensional limitations of the raw materials used. All doors, drawers and fascias are made independently. No grain patterns or designs continue from one fascia to another, in any direction, on any Ambiance Bain units. Curved laminate doors, fascias and some worktops will have a visible hand finished "joint line" where the 2 opposing sheets of laminate meet at the top and bottom edge. This is part of the normal manufacturing process. Every Ambiance Bain retailer has samples of all material finishes available for perusal and approval. Please ensure that you and your clients are happy with any and all colour, grain and shade matches prior to ordering any furniture.
